Fourth International Fascia Research Congress

Basic Science and Implications for Conventional and Complementary Health Care

September 18 - 20, 2015 • Washington, DC

Registration opens Nov. 14, 2014 at www.fasciacongress.org

Issues in Fascia Research: A critical examination for the scientist and clinician. What do you want and need to know—and how do you get it?

Keynote presenters include:

- Leon Chaitow
- Thomas W. Findley
- Serge Gracovetsky
- Jean Claude Guimberteau
- Boris Hinz
- Michael Kjaer
- Helene Langevin
- Cesar Fernandez de las Penas
- Robert Schleip
- Antonio Stecco
- Carla Stecco
- Andry Vleeming
- Frank Willard
- and others

For complete information, online registration and abstract submission: www.fasciacongress.org

For sponsorship information, email info@fasciacongress.org.

Who should attend?
Scientists and anyone from the health care and fitness professions who wish to learn more about the latest research on fasciae. The Fascia Research Congress brings together the researchers who are involved with the most recent studies on the properties of the fascial fabric with those who observe its workings in the clinical setting. This unique combination informs and energizes both groups toward further developments in this growing field.

Location
The 2015 Fascia Research Congress will be held at the Hyatt Regency Town Center, Reston, VA, 18 miles west of Washington, DC. Dulles International Airport is 6 miles away (10 minute drive). The Metro Silver Line into DC has a station one mile from the Hyatt. There are 50 shops and 30 restaurants close by.

Workshops
Pre-conference and post-conference workshops will be offered by leading clinicians in the field of fascia.

Additional One Day Conference
Fascia, Acupuncture and Cancer • November 14, 2015
Joseph B. Martin Conference Center, Harvard Medical School
Medical Center Area, Boston, MA 02115

This one-day special event will explore three key areas to overlap in research on acupuncture, oncology and fascia.

- Acupuncture & Oncology • Oncology & Fascia • Fascia & Acupuncture
